

Stay charged longer

Dell Premier Rechargeable Wireless Mouse | **MS7421W**

Stay charged longer

Ultimate convenience

Enjoy a hassle-free 6-month¹ long battery life when you charge it fully in just 3 hours. Connect up to three devices via RF or Bluetooth and get a full workday's battery life with as little as a 2-minute recharge¹.

Enhanced productivity

Five programmable buttons on the mouse let you customize to your preferred shortcuts and frequently used functions. Sculpted with a patterned grip, this 4000 DPI rechargeable mouse offers precise tracking, allowing you to navigate with ease across multi-monitor setups, ultra-wide and high resolution displays.

Simply reliable

Tested and certified to work seamlessly with Dell systems, the rechargeable mouse comes with a 3-year Advanced Exchange Service² that ships you a replacement unit the next business day, offering you added peace of mind.

¹ Based on Dell analysis of battery life usage model calculations assuming non-continuous use during an 8-hour workday, Dec. 2020. Results vary depending on use, operating conditions and other factors.
² Advanced Exchange Service: Dell will send you a replacement the next business day in most cases, if deemed necessary after phone/online diagnosis. Shipping times may vary by location.
