

Product Name

IMPACT 5000 Go

Enjoy DECT on the go

Series Introduction

A DECT headset that makes it easy to stay connected across changing work environments.

Short Description

Stay connected anywhere with the IMPACT 5000 Go DECT headset and foldable charge stand. Enjoy clear calls, one-port plug-and-play setup, and up to 135m/442ft. Range – perfect for flexible workstyles and seamless, professional communication.

Medium Description

Stay connected in any workspace with the IMPACT 5000 Go DECT headset and foldable charge stand. Advanced noise-cancelling mic and voice detection ensure clear, natural-sounding voice for effective communication. Enjoy a streamlined, plug-and-play experience using one USB port for calls and charging and with up to 135 m/442 ft. of wireless range, you can stay productive away from your desk. Designed for today's flexible workstyles, it delivers superior sound, mobility, and seamless communication.

Long Description

Designed for flexibility, the IMPACT 5000 Go DECT headset and foldable charge stand makes it easy to stay connected across changing work environments—from home offices to shared desks. In noisy environments, the advanced noise-cancelling microphone and EPOS own-voice detection technology deliver exceptional speech clarity and a rich, natural-sounding voice, enabling professional, effective communication. Enjoy a streamlined, plug-and-play experience using just one USB port for both calls and charging and with up to 135 m/442 ft. of wireless range, you can stay productive away from your desk. For the evolving modern workplace, the IMPACT 5000 Go Series provides superior sound, flexibility and seamless interactions.

Key Selling Points

1. Portable design for flexible work

The headset and foldable charge stand fit conveniently in the carry pouch, providing a DECT solution you can easily take anywhere.

2. A plug-and-play solution that utilizes a single USB port

A solution that only occupies one port on your computer for calls and charging, simply connect the USB cable to your computer.

3. Advanced mic technology for natural voice transmission

A noise-cancelling microphone and voice detection technology ensure the speaker's voice is transmitted naturally and clearly.

4. DECT wireless range enhances productivity

With an extensive wireless range, up to 135 m/442 ft., you can answer calls even when away from your workspace.

5. Clear audio in high density office environments

DECT Technology ensures clear communication in busy offices without interference, improving efficiency and productivity.

Benefits & Features

1. Seamless calls

Certified for Microsoft Teams for a reliable, seamless call experience.

2. Convenient USB-C and USB-A connectivity

Connect easily with any office set-up with the included USB-C and USB-A adapter.🔌

3. Enhanced audio protection

EU Noise at Work Limiter and Australia G616 Acoustic Safety ensures maximum of 85dB over a workday.

4. Hearing protection with EPOS ActiveGard™

Protects users against acoustic injury caused by sudden sound bursts on the line.

5. Stay focused with a stereo device

Passive damping ear pads help keep you focused on your conversations.

6. Versatile 3-in-1 headset design (3-in-1 variants)

Choose a headband, earhook or neckband to suit your personal preference.

7. EPOS Manager

Configure, manage, and monitor device usage remotely from a central admin portal.🌐

8. Control your settings with EPOS Connect📱🌐

Easy headset management with EPOS Connect app, available for mobile, desktop or web.🌐

9. Sustainable and durable carry pouch

The carry pouch in soft, RPET felt material protects and allows for easy transport.

10. Sustainable FSC packaging🌳🌐

Plastic free packaging and materials from responsibly managed forests.🌳
